

RECRUITMENT FOR A STUDY

Are you a Service Provider with experience serving black communities?

Would you like to participate in a study on equity-based health promotion framework for racialized black mothers of children with developmental disabilities?

If yes, we would like you to participate in a 1-hour interview.

As a **service provider** you will have an opportunity to discuss:

1. Challenges faced by racialized mothers of children, youth, and emerging adults with developmental disabilities.
2. Types of health promotion strategies racialized mothers recognize as inclusive, and that have a positive impact on their health.
