## CALL FOR PAPERS FOR SPECIAL ISSUE

### **Mothering in the academia during a pandemic: Structural gender inequalities and family wellbeing**

*Free Open Access Journal*

#### **Description:**

The International Network on Youth Integration (INYI) is a virtual and international network of scholars, emerging scholars, and policy and practice leaders from across disciplines and sectors.

The INYI Journal is seeking submissions on the impacts of the COVID-19 pandemic on mothering and mothers in the academia. The pandemic has created specific challenges for parents. Structural gender inequalities have been evident during the health emergency. Mothers who navigate between their roles in academia and home experience multiple work and home-related demands.

We invite descriptive, analytical, and reflective manuscript submissions on the challenges faced by mothers in the academia during the COVID-19 pandemic, and about the pandemic's impacts on mothering and overall family wellbeing. We welcome submissions from academics, students, staff, and community members impacted by the pandemic.

The special issue will fit with INYI's aim of promoting international knowledge exchange and collaboration focusing on youth integration in diverse communities and societies. For further information on INYI see: <https://nkhanlou.info.yorku.ca/international/inyi/>
