

## RECRUITMENT FOR A STUDY

Are you an HIV infected person from African, Caribbean and Black (ACB) community living in Toronto, over 21 years of age who has experienced an episode of illness attributed to your HIV status?

*If yes, we invite you to participate in a study to explore the disability experiences of immigrant families living with HIV in Toronto in Canada*

What will you do?

- You will participate in a 30-60 minutes individual interview via telephone or virtual platform
- You will receive C\$50 for participating/compensation for you time
